

# How to apply for the coronavirus vaccine

## 1. Making a reservation

Please read and be sure you understand the Vaccine Explanation (Attachment 01) before proceeding to make a reservation from the website indicated below.

In addition, in line with advice from Miyagi Prefecture, the date and time of your second vaccination will be on the same day of the week and within the same time period four weeks after your first vaccination. When you select the date and time for your first vaccination, the system will automatically reserve your second vaccination for the same time precisely four weeks later. Please take into account the date of your second vaccination when reserving your first vaccination.

### ○ Tohoku University Coronavirus Vaccination Reservation System (Attachment 02)

<https://www.srp.tohoku.ac.jp/corona-vaccine/>

\*Please be sure to make your reservation by noon three days before the date on which you wish to be vaccinated.

\*Time slots for each date will be made available for reservation via the reservation system as soon as arrangements with Miyagi Prefecture have been completed.

## 2. What to bring when being vaccinated

Please note that you may not be vaccinated if you do not bring the following items.

### (1) Prevaccination Screening Questionnaire (Attachment 03)

Please print this on one side of an A4 sheet of paper, fill in the necessary details in advance, and bring it with you when being vaccinated. Please do the same when being vaccinated for the second time.

\* A sample (Attachment 03-02) and an English translation (Attachment 03-03) are also attached.

Please make sure that you complete and bring the Japanese format, not the sample in English.

### (2) Record of Vaccination for COVID-19 (Attachment 04)

Please print this on an A4 sheet of paper, fill in your name, address, and date of birth in advance, and bring it with you when being vaccinated.

### (3) Identity documents

Please bring your driver's license, health insurance card, staff ID, student ID, and other documents that can be used to verify your identity.

### (4) Vaccination ticket (updated on July 7)

Please follow the instructions below regarding the processing of vaccination coupons.

For those who have received their vaccination coupon

Please be sure to bring your vaccination coupon with you to the venue when you are due to be vaccinated, and submit it at reception.

※Please write your affiliation (department name, etc.) in the upper right corner on the back of the vaccination coupon. (See example)

For those who have not received their vaccination coupon

- When you go to be vaccinated, please inform the receptionist at the venue that you have not yet received your vaccination coupon. You will need to submit your vaccination coupon to the department to which you belong, so please keep it safe until it is due to be submitted (you will be notified at a later date as to when this will be).

\* If the address on your Resident Registration is not where you are currently living, please ask someone at the address on your Resident Registration to send your vaccination coupon to you as soon as it arrives

### 3. Precautions

- (1) Measure your temperature at home before you are due to be vaccinated, and refrain from travelling to be vaccinated if it is evident that you have a fever.
- (2) Please dress in a manner that allows immediate access to the base of your shoulder (t-shirt, etc.).
- (3) Those who fall under the following categories may be vaccinated, but we ask you to please consult with your regular medical doctor as to whether you should receive the vaccine:
  - those who are currently being treated for an illness
  - those who are breastfeeding
  - those who have been infected with COVID-19
- (4) With regard to pregnant women, sufficient clinical trial data is not yet available, so please consult with your regular medical doctor as to whether you should receive the vaccine.

### 4. Other notes

~~(1) Tohoku University will need to collect the vaccination coupon that you receive from your local government offices, so be sure to keep it safe.~~

- (2) There is no designated parking lot at the venue, so please use public transport.
- (3) Any personal information that you submit will be managed appropriately and will not be used for any purpose other than the administering of the vaccine.
