

TOHOKU
UNIVERSITY

Presentation on EU Research Grant Programmes

On February 10th 2012, a delegation of the European Union and its Member States' Science Counsellors of the Embassies in Tokyo will visit Tohoku University. The delegation is seeking to establish closer contact between Japanese universities and the science communities of the 27 countries of the European Union. The Delegation will be led by the EU's Minister-Counsellor responsible for Science and Technology Cooperation.

The EU and single Member States will present cooperation possibilities, such as the EU 7th Framework Programme (FP7) for research and innovation; mobility and exchange programmes and Horizon 2020.

This presentation is open to public and your participation is more than welcome!
